

# Pension Scheme Assurance Services

OSK

OSK are recognised pension scheme auditors with vast experience in the provision of assurance services to the Trustees of defined benefit and defined contribution pension schemes. With a dedicated and specialised team auditing occupational pension schemes, our clients can be assured of a quality, efficient and cost effective service.

## Our Approach

- Our pension audit approach is tailored for each client based on our understanding of the key risks attributable to the scheme. This provides the Trustees and members of the scheme with independent assurance of compliance with pension scheme regulations.
- During the audit process, we liaise with Trustees, pension scheme administrators, actuaries, investment managers and custodians and employers to ensure an independent review process.

## Why talk to us?

**OSK's dedicated and skilled team have vast experience in the provision of pension audit services to Trustees of both defined benefit and defined contribution schemes.**

- We provide a defined approach to pension audits which guarantees an independent, efficient and cost effective pension audit.
- We carry out a comprehensive and vigorous audit utilising detailed processes and procedures ensuring compliance for all pension scheme members.
- Our tailored audit plan to each individual client, supported by committed professionals, ensures that we can meet tight deadlines and resolve problems early, through using our direct experience and knowledge of the issues you face.
- We engage with the Trustees and their advisers before each audit to agree the audit plan and timetable and to ensure that we understand any issues and that these are appropriately addressed in the scoping of our audit work.
- Our management report covers specific matters and will also provide a commentary on the financial information to aid the Trustees in understanding their relevance and significance.
- We agree a fee in advance every year and no additional fees arise unless we have agreed with you that there has been a change in scope.
